Hobbies:

Interested in:

- SEO
- TDD

Summary

I am currently a Frontend Web Developer located in Deutschland, Hessen looking for a job. In the past I studied *Electrical Engineering and Computing (FER, University of Zagreb, Croatia)* and *Mechanical Engineering (University of Osijek, Croatia)*. I didn't finish my studies due to personal situations. I am compensating my lack of diploma with self-education. In the future I am planning to enroll some sort of higher education in the field of computing and programming. I am highly motivated for expanding my knowledge and team work.
